EMPLOYEE PROFILE

JOSUE VELEZ-SANTOS **Production**

Josue joined the MFC team in 2020. If the name looks familiar you would be correct. Josue is the brother of Israel, son of Ruben and nephew of Carlos, who are all employed with MFC. He heard that MFC was a good place to work, a "family place". So with his interest in the industry he was looking to learn.

When asked what he likes most about working at MFC he stated "I get to work with great people and I enjoy welding and learning new things."

Josue has two beautiful daughters and a loving girlfriend which he spends most of his time with when he is not working.

"This job gave me the opportunity to grow."
