EMPLOYEE PROFILE

PATRICK KROLL Production

Patrick was brought to MFC while he was job searching after his current job had moved. His main role on the production team is to set up and operate the robotic bending & welding cells for barrier and curb & gutter forms on the plasma table. When asked what do you enjoy about working at MFC Patrick stated " the Challenge and knowledge of knowing I am helping the world".

Patrick is married to his "wonderful wife" Colleen and between the two of them they have 6 children and 13 grandchildren. When Patrick is not at work, he enjoys fishing , bowling, various sports, camping, boating and playing with his grandchildren and their five awesome cats!

"MFC is an outstanding company and is wonderful to work for." -
Patrick
