

Speed Screed® Concrete Finishers

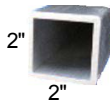

Metal Forms Corporation's Speed Screed® provides quality concrete finishing products to concrete contractors worldwide.

Our Speed Screeds® feature reversible aluminum square tubes – giving you twice the life of the screed blades. Additionally, the Speed Screed® square tubes are easy to clean, saving you time and labor. Not only does the square finishing tube increase the life of the machine, but it eliminates the hard labor involved in manually removing concrete from angled blades.

CRUISER™

Aluminum Tubes

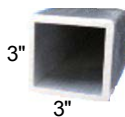

- 11 lbs. per lineal ft.
- 5 h.p. or 8 h.p. Honda engine
- Widths up to 60 ft.

Our most popular model for all types of finishing projects

Our Speed Screed® Cruiser™ comes equipped with hand winching, where two people can operate the screed with the hand cranks which are located on either side of the screed. Optional one-sided hand winching is also available allowing for one-person operation. Hydraulic winching is also available on the 8 horsepower model.

HEAVY DUTY™

Aluminum Tubes

- 20 lbs. per lineal ft.
- 8 h.p. or 13 h.p. Honda engine
- Widths up to 65 ft.

Designed for high production, low slump paving operations

The Speed Screed® Heavy Duty™ comes standard with an 8-horsepower Honda engine. For tougher jobs, you can upgrade to a direct-drive hydraulic system and a 13-horsepower Honda engine. Our hydraulic systems don't require extra belts or pulleys. Switching over to a hydraulic set-up is simple and can be done in the field.

POWER SECTIONS & EXTENSIONS

CRUISER

5' 6" Power Sections			
Part #	Honda Engine	Winching	Weight (lbs)
280-204-3	5.5 h.p.	Hand	195
280-204-4	5.5 h.p.	1S Hand	200
280-204-8	8 h.p.	Hand	222
280-204-9	8 h.p.	1S Hand	227
280-204-10	8 h.p.	Hydraulic	312

Screed Sections		
Part #	Length	Weight (lbs)
280-200	2'6"	39
280-201	5'	57
280-202	10'	116

HEAVY-DUTY

5' 6" Power Sections			
Part #	Honda Engine	Winching	Weight (lbs)
580-204-3	8 h.p.	Hand	305
580-204-4	8 h.p.	Hydraulic	491
580-204-12	13 h.p.	Hyd & Hand	530
580-204-13	13 h.p.	Hydraulic	530

Screed Sections		
Part#	Length	Weight (lbs)
580-200	2'6"	67
580-201	5'	95
580-202	10'	185
