

METAL FORMS CORPORATION  
SINCE 1909

## EMPLOYEE PROFILE

PHILIP BEASLEY  
Production

Philip came to MFC as he saw an opportunity for professional growth. His interest in not only excelling within his current position but also by learning other roles will allow him to grow and become a valuable asset to the MFC Team.

His main role currently is to burn out parts and prepare them for the forming process.

When asked what Philip likes about MFC, he stated "I like that Tremine gives me the space to learn different areas."

When Philip is not working, he is spending time with his beautiful daughter.
