EMPLOYEE PROFILE

ANTHONY HARVEY
Production

Anthony came to MFC back in 2014 when he needed a job, and the rest is history!

When you are in need of a Metal Forms Corp. Speed Screed® concrete finisher, he is your go to guy! Anthony works in our screed division where he specializes in manufacturing Speed Screed® Cruiser™ and HeavyDuty™ from the ground up. Holding quality control at the highest bar, ensuring all parts are top of the line and in the best working order. He does this all while being considerate of our customers need date so delivery is made on time as promised!

When asked what he enjoys about working at MFC, Anthony simply stated "Nice people".
